EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or

additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR

1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the

payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with

Clifford J. Mass on 10/14/05.

The application has been amended as follows:

- In claim 15, line 12, change "(c)" to --(d)--

- In claim 15, line 16, change "(d)" to --(e)--

- In claim 16, line 3, change "(e)" to --(f)—

Information Disclosure Statement

The IDS filed on 01/09/06 has been considered.

Allowable Subject Matter

Claims 9-23 are allowed.

The following is an examiner's statement of reasons for allowance: The applicant argues,

"The claimed invention is based on the above findings and the claims as amended require all of

the following three elements: (a) polyethylene terephthalate (PET) film as heat resistant

substrate; (b) an elastic layer comprising elastic material having a hardness less the HA40; and

(c) a recording material having a finely roughened surface with raised portions having a height of

5-20 um and a pitch of 50-500 um. This combination of features is not shown or suggested in the cited art..." The examiner agrees with these arguments. Each of the three elements is individually known to one of ordinary skill in the art. However, the examiner cannot find proper motivation to combine the art that teaches these elements. Furthermore, though the examiner found a lot of art relating to a roller with an elastic layer comprising elastic material having hardness less than HA40, none of this art was related to using the roller in a laminating device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Leonard S. Liang whose telephone number is (571) 272-2148. The examiner can normally be reached on 8:30-5 Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen Meier can be reached on (571) 272-2149. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
